Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
- I. Claims 1-28, drawn to a repeater unit and an optical output unit, classified in class 398, subclass 173.
- II. Claims 29-44, drawn to an information processing terminal and an optical output unit, classified in class 398, subclass 140.
- III. Claims 45-49, drawn to a computer readable program for controlling an optical output unit, classified in class 398, subclass 198.
- 2. The inventions are distinct, each from other because of the following reasons:

Inventions I, II, III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are unrelated because invention I is related to a repeater unit and an optical output unit. Invetion II related to an information processing terminal and an optical output unit. Invetion III related to a computer readable program for controlling an optical output unit. The invention I, II and III different because invention I does not have an information processing terminal and a computer readable program. Invention II does not have a repeater unit and a computer readable program. Invention III does not have a repeater unit and an information processing terminal.

- 3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
- 4. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.
- 5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dzung D Tran whose telephone number is (571) 272-3025. The examiner can normally be reached on 9:00 AM 7:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jason Chan can be reached on (571) 272-3022. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
